### Electrical food slicer arcus<sup>3</sup>

A slicer with all the advantages of the inclined and solid metal construction. Compact and handy, this small machine can easily tackle all kinds of slicing jobs.

The arcus<sup>3</sup> is driven by a 65 W eco motor which is 20 % more economical and just the same 50 % more powerful than the previous model.

The inclined housing is advantageous when cutting thin and large slices.

The food slicer is equipped with a special serrated circular blade, a switch for intermittent and continuous operation, a food tray and cable compartment.

A smooth ham- and sausage circular blade is available for every ritter food slicer.
