Built-in toaster BT 10

Modern and functional kitchen technology.

for installation in drawers, cabinet width min. 30 cm

prerequisite: clear width bottom of drawer > 180 mm, clear width top of drawer > 200 mm

Opened with a flick of the wrist, it readily stands in the drawer. The toaster does have automatic toast food centering, defrosting and rewarming function, toasting degree with LED indication, stop button and integrated bread and roll rack. The thermal insulated housing and the automatic switch-off function when the toaster is being folded do provide the safety required. For easy cleaning, the toaster may be removed from the drawer without using any tools.
